

START ON SUCCESS

A School-to-Work Program

WHAT IS SOS?

Start on Success (SOS) is a structured school-to-work internship program for students with disabilities in their senior year of high school. It is a year-long model in which students enroll in a career pathways course during the first semester and participate in a paid internship at a local business during the second semester of the school year. This model is successful due to the strong emphasis on collaboration among schools, businesses, families, and service providers.

GOALS FOR SOS

- ✿ Assist students in discovering abilities and interests
- ✿ Support students in practicing self-advocacy and self-determination skills
- ✿ Assist students in developing career pathways
- ✿ Allows for business mentorship opportunities
- ✿ Provides a pool of potential employees to business

Be prepared for success. Know that the skills and aptitude of these students are immeasurable. You just never know what to expect, which is wonderful.

-SOS Business Partner
